

BRYAN HANSEL PHOTOGRAPHY

Photo Shoot Planning Form

Planning a photo shoot can be as simple as throwing a dart at a map or as complicated as you like using computer applications, planning guides, website and book resources. This form will help you pull everything together for a more complicated photo shoot.

Research

Research consists of looking online for information, at photos from the location and acquiring physical information.

	Create folder in your bookmarks called, "Places to Visit"
	Create bookmark folder for this locations
	Find 10 websites that detail "Things to do" at this location. Bookmark each into your folder.
	Look over Google Maps/Earth to find locations
	Search Google Images for ideas to photograph
	List 10 Cool Things to Photograph Here:
1	6
2	7
3	8
4	9
5	10
	Drive times from you hotel or campsite to:
1	6
2	7
3	8
4	9
5	10

Daily Planner

Complete the daily planner using locations from above. Be flexible. Add Scouting times!

Day	Sunrise	Golden Morning	Golden Afternoon	Sunset
1				
2				
3				
4				
5				
6				
7				
Overcast Locations:				
	Create physical folder to hold printed items.			
	Print anything that you'd like to bring with you and put it in the folder: webpages, photos, reservations
